INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the Borough Council
Borough of Eatontown
County of Monmouth
Eatontown, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying balance sheets - regulatory basis of the various funds and the general fixed assets account group of the Borough of Eatontown, County of Monmouth, State of New Jersey (the "Borough") as of December 31, 2022 and 2021, the related statements of operations and change in fund balance - regulatory basis for the years then ended, the related statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements listed as financial statement exhibits in the table of contents.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the balance sheets - regulatory basis of the Current Fund, General Capital Fund and the Payroll Fund of the Borough as of December 31, 2022 and 2021, the statements of operations and change in fund balance - regulatory basis for the years then ended, the statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis for the year ended December 31, 2022 and the statement of expenditures - regulatory basis for the year ended December 31, 2022 in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

Qualified Opinions on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the Basis for Unmodified, Qualified and Adverse Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the balance sheet - regulatory basis of the General Fixed Assets Account Group of the Borough as of December 31, 2022 and 2021 in accordance with the financial reporting provisions of the Division as described in Note 1.

In our opinion, except for the effects of the matter described in the Basis for Unmodified, Qualified and Adverse Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the balance sheet - regulatory basis of the Trust Fund of the Borough as of December 31, 2022 and 2021 in accordance with the financial reporting provisions of the Division as described in Note 1.

Opinions (continued)

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Unmodified, Qualified and Adverse Opinions section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2022 and 2021, or the results of its operations and the changes in fund balance for the years then ended.

Basis for Unmodified, Qualified and Adverse Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified, qualified and adverse audit opinions.

Matter Giving Rise to Qualified Opinions on Regulatory Basis of Accounting

The Borough does not comply with the general fixed assets capitalization policies as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Borough has not valued all fixed assets acquired after December 31, 1985 at actual cost. It was not practicable to determine the effects of capitalizing all fixed assets acquired after December 31, 1985 at actual cost.

The financial statements of the Length of Service Award Program ("LOSAP") Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements as part of our audit of the Borough's financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund, and represent 10.02% and 12.23% of the assets, and the liabilities and reserves of the Borough's Trust Fund as of December 31, 2022 and 2021, respectively.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

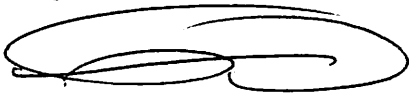

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements - regulatory basis that collectively comprise the Borough's basic financial statements. The supplementary schedules as listed in the table of contents are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the LOSAP Fund and General Fixed Assets Account Group supplementary schedules, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 27, 2023, on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of the Borough Council
Borough of Eatontown
County of Monmouth
Eatontown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), the regulatory basis financial statements of the Borough of Eatontown, County of Monmouth, State of New Jersey (the "Borough") as of and for the year ended December 31, 2022, and the related notes to the regulatory basis financial statements, which collectively comprise the Borough's basic financial statements and have issued our report thereon dated September 27, 2023, in which we expressed an adverse opinion on the conformity of the regulatory basis financial statements with accounting principles generally accepted in the United States of America, due to the differences between those principles and the financial reporting provisions of the Division. We expressed unmodified opinions on the regulatory basis financial statements of the Current Fund, General Capital Fund and the Payroll Fund as to conformity with the financial reporting provisions of the Division, and a qualified opinion on the regulatory basis financial statements of the General Fixed Assets Account Group as to conformity with the financial reporting provisions of the Division, and a qualified opinion on the regulatory basis financial basis financial statements of the Trust Fund because the Length of Service Award Program Fund was not audited.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Financial Reporting (continued)

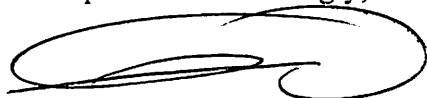

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's regulatory basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Borough of Eatontown, County of Monmouth, State of New Jersey (the "Borough"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Borough as required by N.J.S. 40A:5-5. The financial statements of the Borough do not include the operations of the school boards, first aid squad, volunteer fire department or the Eatontown Sewerage Authority (a component unit of the Borough), which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") established criteria to be used to determine if component units should be included in the financial statements of the oversight entity. These criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Borough, by statute or other directive, report separately on their financial statements.

B. Description of Funds

The GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America. The GASB codification establishes certain fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The accounting policies of the Borough conform to the accounting principles and practices prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

Current Fund - used to record revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Fund - used to record animal license revenues and expenditures.

Payroll Fund - used to record payroll related transactions.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Description of Funds (continued)

Other Trust Fund - used to record assets held by the Borough in a trustee capacity or as an agent for individuals and other governmental agencies.

Length of Service Award Program Fund - used to record Borough contributions, changes in market value and administrative charges for program-eligible volunteers.

General Capital Fund - used to record resources, including federal and state grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

General Fixed Assets Account Group - used to record fixed assets utilized in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. A modified accrual basis of accounting is followed with minor exceptions. The more significant differences are as follows:

Property Taxes and Other Revenues - Property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriations reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Encumbrances - Contractual orders at December 31 are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Until lapsed at the close of the succeeding year, appropriation reserves are available to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Deferred Charges - The regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

Sale of Municipal Assets - Cash proceeds from the sale of Borough owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period when the terms of the sales contract become legally enforceable.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time of purchase. The costs of inventories are not included on the various balance sheets.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Interfunds - Advances in the Current Fund are reported as interfund receivables with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

General Fixed Assets - In accordance with N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division, which differs in certain respects from GAAP, the Borough is required to develop a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

For fixed assets acquired through December 31, 1985, valuation is required at historical cost or estimated historical cost if actual historical cost is not available. For assets acquired beginning on January 1, 1986, the required basis for valuation is historical cost. Depreciation is not required. GAAP requires fixed assets to be valued at cost and be depreciated. The Borough has not valued all fixed assets acquired after December 31, 1985 at actual cost.

D. Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in general purpose financial statements in accordance with GAAP. The Borough presents its financial statements, as listed in the table of contents, as required by the Division, which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division in accordance with applicable statutes.

F. Impact of Recently Issued GASB Accounting Pronouncements

Management has determined that recently issued GASB accounting pronouncements, effective for the year ended December 31, 2022, would not have a significant impact upon the Borough's 2022 regulatory basis financial statements.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include cash on hand, change funds, amounts on deposit and short-term investments with original maturities of three months or less.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The Governmental Unit Deposit Protection Act ("GUDPA") is a supplemental insurance program set forth by the New Jersey Legislature to protect deposits of municipalities and local government agencies. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance. GUDPA requires public depositories to pledge collateral for deposit of public funds that exceed insurance limits. GUDPA requires that the market value of the collateral must equal five percent of the average daily balance of public funds; or if the public funds deposited exceed seventy five percent of the capital funds of the depository, the depository must provide collateral having a market value equal to one hundred percent of the amount exceeding seventy five percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Custodial Credit Risk - The custodial credit risk for deposits is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Although the Borough does not have a formal deposit policy for custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. As of December 31, 2022 and 2021 the Borough's bank balances were exposed to custodial credit risk as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Uninsured and Uncollateralized	\$3,329,557	\$2,759,568
GUDPA Insured and Collateralized with Securities Held by Pledging Financial Institutions	25,879,590	25,078,067
	<u>\$29,209,147</u>	<u>\$27,837,635</u>

In addition, as of December 31, 2022 and 2021, the Borough had \$1,921,664 and \$1,893,147 respectively, on deposit in the New Jersey Cash Management Fund (the "Fund"). These deposits are subject to custodial credit risk as described in this section. The operations of this Fund are governed by the provisions of the State Investment Council Regulations for the purpose of determining authorized investments for the Fund.

BOROUGH OF EATONTOWN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments (continued)

c. Investments are further regulated and restricted in accordance with N. J. S. 40A:5-15.1.

Custodial Credit Risk - The custodial credit risk for investments is the risk that in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Borough does not have a formal investment policy for custodial credit risk for investments. Length of Service Award Program Fund investments were exposed to custodial credit risk and are invested at the discretion of each individual participant and not the Borough. The fair value and book value of the Borough's Length of Service Award Program Fund investments at December 31, 2022 and 2021 were \$676,892 and \$727,634, respectively.

Credit Risk - State law limits investments as described in prior sections of this note to the financial statements. As of December 31, 2022 and 2021 no such investments were held by the Borough.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough does not have a formal investment policy for interest rate risk.

3. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes (the "notes") are issued to temporarily finance capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes. No notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which the notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

8. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Borough, School Districts and County, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 20, with a completed duplicate of the tax rolls to be delivered to the Borough tax collector on or before June 3. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the "lawful yearly expenditure" which includes the total amount of property taxes to be raised by the local unit.

Taxes are levied on an annual basis and are due quarterly on February 1, May 1, August 1, and November 1. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

The Borough is responsible for remitting one hundred percent of school and county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the Borough and not the school districts or county.

Description of Systems

The Borough contributes to the Public Employees' Retirement System ("PERS"), and the Police and Firemen's Retirement System ("PFRS"), cost-sharing multiple employer defined benefit pension plans administered by the Division of Pensions and Benefits in the Department of the Treasury, State of New Jersey. The plans provide retirement, death, disability benefits and medical benefits to certain qualifying members and beneficiaries. PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. PFRS was established on July 1, 1944, under the provisions of N.J.S.A. 43:16A. PERS and PFRS issue publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits.

Funding Policy

PERS employee contributions were 7.50% of base wages. PERS prosecutor employee contributions were 10.00% of base wages. PFRS employee contributions were 10.00% of base wages. The Division of Pensions actuarially determines employer's contributions annually.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program ("DCRP") is a cost-sharing multiple employer defined contribution pension fund which was established in 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. DCRP provides eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Employee contributions to DCRP are five and one-half percent (5.50%) of base wages. Member contributions are matched by a three percent (3.00%) employer contribution.

Unfunded Pension Liability

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2022.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 and June 30, 2021 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 7.00% as of June 30, 2022 and 2021, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2022 and 2021, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions; therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Benefits Provided

The Plan provides medical and prescription drug coverage to retirees and their dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for paid health benefit coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.13i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Contributions

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit level of coverage.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective inflows of resources, and collective OPEB expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2021 through June 30, 2022.

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighters retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

For additional information, please refer to the State of New Jersey, Division of Pensions and Benefits' Comprehensive Annual Financial Report, which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Net OPEB Liability and Total OPEB Expense

As of June 30, 2022, the Plan reported a net OPEB liability of \$26,294,125 as the Borough's proportionate share of the collective total of the net OPEB liability of participating employers in the Plan. As of June 30, 2022, the Borough's proportionate share of the total net OPEB liability was 0.162816%. The Borough's net OPEB liability as of June 30, 2022, was determined by an actuarial valuation of the total OPEB liability amount as of July 1, 2021, as rolled forward to June 30, 2022, less the amount of the Borough's proportionate share of the Plan's Fiduciary Net Position. As reported by the Plan, the Borough's total OPEB expense for the year ended June 30, 2022 was \$733,621.

Employer Contributions to the Plan

The Plan's annual required employer contribution amount is based on a pay-as-you-go basis, rather than an annual contribution amount that is actuarially determined. The Borough's contributions to the Plan for the years ended December 31, 2022 and 2021 were \$1,162,792 and \$939,505, respectively, which equaled the Borough's required contribution amount for each year.

Actuarial Assumptions

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	<u>June 30, 2022</u>
Salary Increases*:	
PERS	
Rate for all future years	2.75% - 6.55%
PFRS	
Rate for all future years	3.25% - 16.25%

*Salary increases are based on years of service within the respective plan.

PERS mortality rates were based on the Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021. PFRS mortality rates were based on the Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the PFRS and the PERS experience studies were prepared for the periods July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the Plan upon retirement.

Discount Rate

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather than the discount rate is set at the municipal bond rate.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Borough, as well as what the Borough's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	June 30, 2022		
	1%	At Current	1%

	2.54%	3.54%	4.54%

Sensitivity of the Net OPEB Liability to Changes in Healthcare Cost Trend Rates

The following presents the net OPEB liability of the Borough, as well as what the Borough's net OPEB liability would be if they were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rate:

20. COMMITMENTS AND CONTINGENCIES

Grant Financial Assistance

The Borough receives certain financial assistance in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. The Borough's administration anticipates that no material liabilities will result from such audits.

Tax Appeals

There are tax appeal cases pending against the Borough before the New Jersey Tax Court. The Borough intends to vigorously defend its assessments in each case. Under accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the Borough does not recognize liability, if any, until a case has been adjudicated.

Legal Proceedings

The Borough is party to certain legal proceedings, the resolution and impact of which, individually or in the aggregate, in the opinion of the Borough's administration, are not likely to have a material adverse impact on the Borough's financial position or adversely affect the Borough's ability to levy, collect, and enforce the collection of taxes or other revenue for the repayment of its bonds or other obligations.

21. SUBSEQUENT EVENTS

Management has evaluated subsequent events occurring after December 31, 2022 and through September 27, 2023, which is the date the financial statements were available to be issued.

Authorization of Bonds and Notes

On August 9, 2023, the Borough adopted an ordinance to authorize the issuance of bonds and notes of \$1,402,722 to finance a portion of the costs providing for various capital improvements.

BOROUGH OF EATONTOWN
COMMENTS

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states “Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law.”

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory limit within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the municipal attorney’s opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. In addition, the minutes indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for “Professional Services” per N.J.S. 40A:11-5.

Since the system of records did not provide for an accumulation of payments for categories of materials and supplies or related work or labor, the results of such an accumulation could not be reasonably ascertained.

Our audit of expenditures did not reveal any individual payments in excess of the statutory limit for the performance of any work or the furnishing of any goods or services other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, “For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor.” In the auditing of the Borough’s expenditures, we performed tests of the Borough’s compliance with N.J.S. 40A:11-6.1 and noted no exceptions.

Examination of Claims

In auditing the Borough's expenditures, we did not and were not required to determine or establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being subject to the Borough's system of internal control over the approval and payment of claims in accordance with N.J.S. 40A:5-16. However, we tested the Borough's compliance with its established internal control system over the approval and payment of claims in accordance with N.J.S. 40A:5-16 and noted no exceptions.

Payroll Withholdings

We did not and were not required to determine the propriety of withholdings from individual employee salaries for pensions, income taxes, social security and medicare taxes, and for other purposes.

Collection of Interest on Delinquent Taxes and Assessments

N.J.S. 54:4-67 provides the method for authorizing interest and the maximum rates to be charged for nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution on January 2, 2022 authorizing interest and the maximum rates to be charged for the nonpayment of taxes on or before the date when they would become delinquent.

"Be it resolved that the interest to be charged on delinquent taxes during the year 2022 be and the same is hereby fixed at eight (8) per centum per annum on the first \$1,500.00 of delinquency and eighteen (18) per centum on any amount in excess of \$1,500.00, to be calculated from the date the tax was payable until the date of actual payment, provided, however, no interest shall be charged if the payment of the taxes due is made within the tenth (10) calendar day following the date upon which the same became payable."

Based upon our audit of the tax collector's records, interest on delinquent taxes was charged in accordance with the foregoing resolution.
